

» CAT® REMAN WATER PUMPS

KEEP COSTS DOWN AND
COOLING EFFICIENCY HIGH

100% NEW BEARINGS, SEALS AND GASKETS HELP ENSURE
LONG LIFE AND EXCELLENT RELIABILITY

Lower your repair costs without sacrificing performance.

When your engine's cooling system needs service, count on Cat® Reman Water Pumps to get you back to work quickly, reliably and affordably. Designed, manufactured and tested specifically to perform inside your Cat on-highway engine, they feature all the latest engineering updates, plus 100% new bearings, seals and gaskets for maximum life and dependability.

Available off the shelf to reduce your downtime and backed by a same-as-new warranty, Cat Reman Water Pumps are priced at a fraction of the cost of new parts—helping you achieve the lowest owning and operating costs over your engine's lifecycle.

DEPENDABLE

LONG-LASTING

FULLY WARRANTED

GETTING YOU BACK TO WORK QUICKLY AND RELIABLY

1

GET SAME-AS-NEW PERFORMANCE

When you choose Cat Reman Water Pumps, you get a product that performs just like new. That's because we:

- » Completely disassemble, clean and inspect every component to ensure quality and durability
- » Install 100% new bearings, seals and gaskets
- » Incorporate all the latest engineering changes for top performance and long life
- » Perform multiple quality checks, including an extensive end-of-the-line test

2

CONTROL YOUR REPAIR COSTS

To help keep your expenses and downtime to a minimum, Cat Reman Water Pumps are available off the shelf worldwide and priced at a fraction of the cost of new parts. They're also backed by an industry-leading, unlimited-mileage, 12-month standard warranty that covers:

- » Repairs at any authorized Cat dealer (not limited to the original selling or servicing dealer)
- » Parts and installation labor to replace defective parts, even if the original repair was not performed by a Cat dealer (assuming workmanship did not cause the failure)
- » Contingent damage caused by a covered component to other Cat engine components
- » Replacement of engine oil, coolant and filters if contaminated during a failure of a covered component

3

RECEIVE MAXIMUM VALUE FOR YOUR CORE

Our flexible core acceptance criteria helps you get the most for your money. We use simple, visual inspections that don't require special tools or disassembly. That means we can provide an immediate decision on core condition and credit, so you don't have to wait for—or guess about—your repair costs.

You'll receive full core credit for your water pump as long as it's complete and there's no damage to the housing, pulley or gear and it is an acceptable Caterpillar part number.

YOU ALSO HAVE THE
OPTION TO ADD EXTENDED
